

BALT EASELS

Framed porcelain steel surface.

Wheasel® is height adjustable in two positions for optimum viewing and use.

Unframed melamine surface.

Bottom shelf provides storage and stability.

WHEASEL® - EASEL ON WHEELS

Sure to become an indispensable part of any office or school environment, the popular and functional Wheasel® rolls easily wherever it is needed.

A double-sided mobile easel, the Wheasel® is available with your choice of three surfaces: durable superior porcelain steel, innovative Magne-Rite, or economical melamine.

Porcelain steel and Magne-Rite surfaces (39 1/2"H x 27 1/4"W) come framed in black anodized aluminum trim and double as magnetic bulletin boards. Melamine surface (40 1/4"H x 28 1/4"W) comes unframed with smoothly finished edges.

A full-length accessory tray is included on each side to store markers and erasers. Two flip chart pegs are included on each surface for additional functionality.

The Wheasel® is height adjustable to two positions: 59 1/2" or 65" high.

Additional storage and structural support is provided by the metal tray mounted at the bottom of the easel.

The frame is black powder-coated steel for superior durability, and the easel is easily maneuverable on 2" locking casters.

MODEL	SURFACE	DIMENSIONS	WEIGHT	PRICE
759	Melamine	59 1/2"H x 28 3/4"W x 27"D	51 lbs	\$341.00
770	Porcelain	59 1/2"H x 28 3/4"W x 27"D	61 lbs	\$524.00

TLC 2 - TEACHER'S LEARNING CENTER DELUXE

The popular TLC-2 is a mobile classroom on wheels, ideal for any early childhood or other educational environment. The easel features a dry erase surface with smooth writability and easy erasability that doubles as a magnetic bulletin board.

Six snap-on hooks provide ample storage options for flip charts and pockets charts, allowing them to be mounted on either side of the unit.

A wire big book holder mounts behind the dry erase surface, and a metal tray with grooves for pens, pencils, and markers provides storage area for larger items.

Smaller items can be stored in any of the four recyclable plastic tubs that fit into the bottom rack of the easel.

A red blow mold plastic tray is included for accessories, and attaches to the unit with heavy gauge wire hooks.

A magnetic pad with permanently fused penmanship lines is included.

The frame is white powder-coated steel for superior durability and stability, and carries a ten year guarantee.

The TLC-2 moves easily on 2" locking casters.

Magnetic penmanship pad included!

Includes shelf and tubs for versatile storage options.

Ideal for pocket charts! (Not included).
