

# ARTCO-BELL DISCOVER SERIES CHAIRS

Discover is the first affordably priced classroom chair designed and engineered to reduce the effects of postural problems. Combining thoracic and lumbar support with flexibility, Discover allows students to sit comfortably in ergonomically correct positions. Flexible back adjusts to the upright task position for desk work and the relaxed position for assembly or lecture position. Ribbed back enhances mid to upper back (thoracic) support to relieve stress and strain, and allows students to change positions with comfort. Generous seat surface combined with a waterfall front edge provides support for students legs to relieve strain and promote proper circulation. All chairs standard with 18 gauge steel legs with your choice of Carpin Floor Saver , Champion Nylon or Steel Glides. Available in five sizes, including A+, with 30% more surface area in the shell and a higher back.
