

ARTCO-BELL 1200 SERIES ACTIVITY TABLES

Available in 27 different shapes and sizes

Artco-Bell activity and general purpose tables are available in a wide variety of shapes and sizes. Shapes range from square or rectangular, half round and round to kidney, horseshoe, and trapezoid. Leg styles come in four varieties and are height adjustable, frames are powder coated and chrome plated. With so many different sizes available you can fit the right amount of people with the right sized table. As an extra touch of quality, we spot nail our T-mold edge banding to help keep it in place for years of trouble-free usage. All tables are 22" - 29" adjustable height.

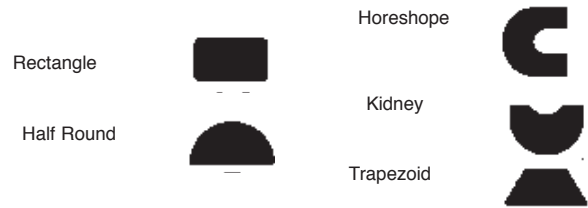

1200 SERIES ACTIVITY TABLES

Factory-installed stretcher bars are standard on all tables 60" and larger in length.

BALT WORKSTATIONS

LX 72

LX 48

LX 72 WORKSTATION

With its clean lines and classic good looks, the LX 72 workstation is an ideal dual-user workstation for any office or educational environment. Featuring a 3/4" thick top with laminate finish, the workstations are constructed with a 16-gauge black powder-coated steel frame for superior durability. The back modesty panel is perforated for style and for ventilation. The CPU bays are constructed from scratch-resistant black laminate, and include a locking door for equipment security. The bays (23 1/2"H x 9"W x 21"D) are located between the users to provide more separation. Two retractable keyboard shelves (22"W x 10 1/2"D) made from molded plastic with a built-in pen and pencil holder are included. Wire management conduits are located through the top and side legs of the units, keeping cables neat, organized, and out of sight. Laminate choices: Teak, Mahogany or Gray

Split Level 72

Split Level 36

SPLIT LEVEL WORKSTATIONS

The Split Level is the ideal economical workstation choice for classrooms, computer labs, training rooms, or offices. Featuring two independently height adjustable platforms to accommodate a variety of users, the Split Level is available in a 36" width for a single user, or in a 72" width for dual users. Each platform is adjustable from 25 1/2" to 31 1/2" high to provide the correct ergonomic height. Set the back platform (17"D) lower than the front platform (19"D) to give an unobstructed view of the trainer or instructor. Each workstation includes a CPU holder and a desktop grommet (2 each for the dual-user workstation). Optional bottom-mount cable management conduits are available. The frame is constructed from black powder-coated steel for superior durability, and the platforms are scratch-resistant gray laminate.

BRAWNY TABLES

Functional, versatile and supremely durable for heavy duty use, Brawny tables are ideal for use as workstations, training tables, or as a supplemental table for any work area. Featuring a gray 1" thick scratch-resistant high pressure laminate top with matching edge banding, the tables include an underside stretcher bar to provide superior strength and durability. Available in three widths (36", 60", and 72") the Brawny tables have a generous 30" depth, and can be grouped together to create longer configurations. Each table includes a built-in cable management conduit and grommets for easy cable management. Both leveling glides and heavy duty 3" casters (two locking) are included with each table. Optional CPU holders are available separately for use as a workstation.

BALT CONFERENCE / TRAINING TABLES

Tables flip and nest for storage!

FLIPPER CONFERENCE & TRAINING TABLES

Easily create a multipurpose work area with our innovative and versatile line of Flipper conference and training tables. A variety of shapes and multiple configuration options allow superior versatility even in unconventional rooms or settings. Create circular or U-shaped conference tables with space in the center for presentation furniture and equipment. Flipper Tables can also form oval conference tables, or can easily be set up as training room tables, ideal for the office or educational setting. Create a custom configuration to fit your needs. Manufactured from 1 1/4" vacuum-formed PVC, the table tops are available with a teak or mahogany wood grain finish and include grommets and integrated cable conduits for easy cable management. The top of each table flips back with a simple lever mechanism, allowing the tables to be nested together for easy mobility and space-saving storage. Each table rolls easily out of the way on 2" casters (two locking). The durable frame is manufactured from black powder-coated steel for superior strength and durability, and includes a perforated steel modesty panel for ventilation.
