executive office

Twenty-first century executives want more than a work surface, they want technology accessibility and an environment that reflects their personality. A Broadway+ media wall of modular componentry with glass doors, cornice rail and deep contrasting finishes will deliver and impress.

broadway+

PAGES 04 & 05

elegant lines & upscale aesthetics

Use the elements of glass and wood to complement the Broadway+ table desk and storage unit to create a classic, sophisticated office. Infused with style, design, function and technology, an endless spectrum of possibilities is at your fingertips.

Top Accessory rail with movable accessories. *Linen* glass and aluminum doors on storage tower.
Middle Metal cornice detail. *Wood* work surface with painted chassis.
Bottom Table desk with COM top (Carrara marble). *Tackboard* with COM upholstery.

Pedestal Desks & Credenzas

Choose from single or double pedestal desks, in 3/4 or full pedestals, with bow front or square tops. Credenzas and hutches are available in a variety of configurations that are perfect for filing, personal organization and storage. (Desk shown with optional painted modesty panel, and storage unit shown with contrasting wood and paint finishes.)

U Units (Cockpit Design)

Combining the features of desks, returns and credenzas into a cockpit design U Unit puts you in the driver's seat for getting work done. Dress it up for aesthetic interaction or dress it down to create a no-nonsense work station. (Bow top desk shown with wood modesty panel option, and double height storage unit with wood and metal cornice.)

Tables Desks

Metal frames in silver, black or nickel finish are available with or without modesty panels. Choose from wood or glass tops as standard, or create an awe-inspiring centerpiece by specifying a custom top material. (Table desks shown with wood and glass tops, with wood modesty panels; painted modesty available.)

U Units (P-top Design)

P-tops are unparalleled for accommodating human interaction, either between co-workers or an employee and a client. Add storage and organization to complete this staple of the modern office. (P-top unit shown with painted modesty panel option and return with modified paint scheme.)

L Units

An industry workhorse that will serve for a lifetime, these L Units can be specified as distinctive as you dare. File and box drawers, returns, wire management and power/data options keep function at the forefront. (L-Units shown in all wood above.)

Multi-Station Units

Modularity is the cornerstone when building multi-station units for team-oriented environments. Combine vertical and horizontal storage units, work surfaces and filing systems to form interactive stations for easy sharing of information. (Multi-station unit shown with modified bullet desks, pedestal credenzas, wardrobes and overhead storage with glass doors.)

PAGES 12 & 13

team & tasking environments

Shared space is practical with double height overhead options, upholstered mobile storage pedestals, tackboards, power/data connectivity and ample work surfaces. It can also be engaging and personal with rich veneers, decisive color choices and coordinated upholstery. (P-top design allows flexibility to use on right or left sides.)

Paper Management & Storage

Lighting Under-cabinet mounted task lights feature an infinite-setting dimmer that works with the touch of your finger, a smart switch that remembers your previous setting and an environmentally conscious and clean LED light source. **Wire Management** Route cords and cables from the desktop using conveniently located grommets. **Media Management** Electronic media components can be housed out of sight in a Broadway+ TV support credenza and then connected with integrated wire management channels and grommets. **Power & Data** An assortment of soft-touch, flip-top power and data access is available for any work surface so that connectivity is always at arm's reach. Select Broadway+ units offer an optional fold down modesty for easy access to existing wall mounted power sources.

Mobile Storage Store anything, including files, in a top access mobile storage unit with upholstered lid and soft closing hinges that won't slam shut. Also available is a box/box/file version with central locking and a work surface top. **Vertical Storage** When storage needs are restricted by a small footprint, the best option may be to go vertical. Credenza hutches or wall mount units in single or double height with options that include glass doors, shelving, sorters, tackboards, locking doors and task lighting will provide the storage needed for smaller spaces. **Accessory Rail** Keep office tools organized and work surfaces clean and clutter-free with an accessory rail. Accessories are easily repositioned along the grooved aluminum track. **Paper Management & Storage** Specify a cabinet mounted horizontal sorter with acrylic accessory trays for optimum office organization! Vertical sorter towers are available and can be installed in storage towers or under storage overhead cabinets.

details, features & options

Pulls Choose from 8 drawer and door pull options for wood fronts in a satin nickel finish (Bar and Scoop pulls are also available in flat black). Glass doors on storage towers incorporate a special flat pull (for the look of no pull) that coordinates with all styles (see detail on page 5). **Edges** User and approach edges are offered in 1 of 4 profiles. Side edge profiles are flat for premium fit. **Glass** Metal table desks are offered with clear glass tops. Glass table top corners and edges are gently radiused. Cabinet door fronts can be specified in frosted or patterned glass. **Metal** Table desk frames and optional metal accents (rails for breakfronts and conference table bases, modesty panel details and cornices) can be specified in 3 finishes; nickel, silver or black. **Wood** All wood finishes incorporate our proprietary low-emission finish; DuraTex. Paint colors may be applied to any vertical surface and are from the Sherwin-Williams® color wheel. Also, JSI offers special finishes and custom finish matching (contact JSI Customer Service for details).

Sustainability Learn how Broadway+ can contribute to your sustainability goals by contacting your JSI Customer Service Team.

www.jsifurniture.com

Each piece of wood is unique, characterized with differences in color, grain configuration and texture. These characteristics are not considered defects and are easily detected with natural and light finishes.

duratex low-emission finish

To reduce hazardous emissions, we use a proprietary, specially designed top coat that offers exceptional hardness, abrasion and impact resistance while reducing hazardous or harmful gases. DuraTex significantly reduces hazardous emissions which helps to improve the quality of the indoor air we breathe.
