- All-poly version available

Engage, Piretti 2000 Series, Strive, and Torsion chairs are designed by Giancarlo Piretti.

**You make the rules.  
We make the rest.®**

Of course KI solutions work better for you. They're made for you. No one pays more attention to customer needs than we do. We don't design our furniture to win awards (even though it does). We don't rely on one-size-fits-all solutions (even though they would make our life easier). We find out what the market needs. And, we make it. The same applies to our service, distribution...everything we do. KI solutions work, because we're working for you.
