

work brought to life. viva™.

Viva features a boldly designed back that automatically self-adjusts to your body type and movements, comfortably holding you in position throughout your full range of motion as you move from task-to-task. Its patented mesh technology makes Viva incredibly smooth and remarkably strong, while air-cushioned arm caps protect against abrasion and wear-and-tear. Visit the Viva page on allseating.com for a complete 3D view of this chair using our innovative specall tool.

We bend over backwards to design ergonomic seating and personal work tools that make people feel comfortable in the seated position. Over the past 30 years, we've developed a reputation for quickly adjusting to the changing needs of customers in the office, educational and healthcare sectors. From our on-time guarantee, to our on-line specification tools, we're always putting your needs first. So our clients are able to sit back and rest assured that, no matter what, the people at Allseating always have their back.

Our manufacturing system conforms to the ISO 9001:2008 and 14001:2004 standards, and our warranty? It's the best in the industry.

features

- 1 self-adjusting back support in patented mesh.
- 2 seat and arm height adjustment with air-cushioned arm caps.
