

add a little Zip
to your workplace

work may always mean business,
but isn't the bottom line really about
people? are they productive? are they
feeling good? are they supported as they
should be? making itself right at home
in every corner of the workplace,
Zip brings a welcome dose of personality
to the entire office.

Typically found chained to its desk, Zip Task and Zip Stool tirelessly provide the support needed to stay productive all day long.

For tall tasks, Zip Stool offers a leg-up when you need it – extending up to your desired height.

Zip Task features a synchronized tilting action that keeps feet firmly on the floor when reclining.

Both Zip Task and Zip Stool can be specified with a breathable mesh back in a choice of two patterns, or fully upholstered in leather or your choice of fabric.

Always there when you need it, Zip Side makes a convenient addition to any office. With a choice of black, silver or chrome frame and a broad range of upholstered and leather fabric options, Zip Side offers a friendly welcome to guests. Meanwhile, its comfortable and durable design is ready to pitch in and support team members during quick meetings, or in lounge and training environments.
