Single beds with hang-on worksurfaces, three-drawer dressers, hang-on shelf units and mobile pedestals.

RoomScape

Adaptable. Durable. Attractive. RoomScape is the solution for student-preferred living areas.

Reconfigurable

Simple. Quick. Safe. RoomScape can be assembled without tools. A minimum number of hang-on or stackable components makes it easy for students to arrange their rooms to suit their needs. Free up floor space with lofted beds, bedside shelves, drop-leaf worksurfaces, stack-on wardrobes and ladder frames.

Personal

Adapt limited space to individual preferences with height adjustability and a variety of options. Components and beds adjust to accommodate varying body types or wheelchairs. Mobile storage pedestals with cushions pull out for additional seating or stow away when not in use.

Durable, Attractive, and Responsible.

RoomScape is the smart choice with heavy-duty construction, color flexibility and a small environmental footprint. Steel and laminate design provides better structural integrity. Powder coat paint finishes and wood grain laminates cater to design sensibilities. Recyclable materials and no off-gassing make it eco-friendly.

Printed on FSC® certified paper using only vegetable-based inks, including metallics. Please recycle.
