Manufacturer certifies that products meet or exceed applicable ANSI/BIFMA standards.

multiflex
allseating collection

allseating 

a side chair stacked with benefits

Thanks to the Flexion™ seat that passively flexes with downward and forward movement, plus a molded back that pivots, Multiflex provides continuous support as it conforms to body movement.

An attractive perforated design provides airflow for added comfort. Available with or without arms, additional options include writing tablets, ganging brackets and a selection of shell and frame finishes to provide even more flexibility in terms of choice.
