

FREELANCE®

SitOnIt • Seating™

SOPHISTICATED IN STATURE. PROFESSIONAL IN PURPOSE.

Freelance® makes an elegant, transitional design statement in any office environment. With a full range of options and accessories that suit it to a multitude of professional tasks, Freelance's versatile style make it an ideal seating option for lobby areas, workstations and private offices alike.

FUNCTIONALITY MEETS FLEXIBILITY

With frames finished in either silver or black, Freelance can be modified with either a standard 4-leg or sled base making it ideal for a wide range of uses. Add casters or arms for ultimate mobility and flexibility in offices, break rooms and collaborative spaces. Consider its durable frame and an optional plastic seat and back to provide additional peace of mind for an easily maintained finish and increased durability. Add a handy tablet and bookrack option and it becomes the perfect seating solution for any educational function including classrooms and training facilities.

with arms // **FRAME:** Black

A CHAIR FOR ALL SHAPES AND SIZES.

UPHOLSTERY: Maharam Basics Pistachio // Arms // **FRAME:** Silver

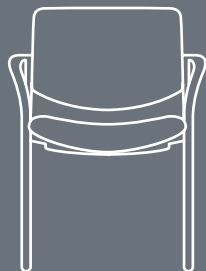

UPHOLSTERY: Maharam Basics Prospect // Arms // **FRAME:** Silver

Freelance's standard model offers an optional upgrade to accommodate day-to-day resilience up to 350 pounds. When bariatric seating requirements necessitate more generous dimensions, the Freelance Heavy Duty model is the right seat for the job. Available in both 30" and 42" width variations, the Heavy Duty variations can accommodate weight up to 500 pounds (30") and up to 1000 pounds (42").

In all applications, Freelance's ergonomic back and waterfall seat promote comfort and support for initial and long-term sit.
