Retrospect

Retrospect looks better than ever! Fresh, modern, clean lines allow specifiers to personalize and update space designs. Optional arm designs, back placements, leg options, hang tables, bolster pillows and tablet options all support a series of benches in various sizes to offer a collection that is both flexible and stylish. The addition of benches that are scaled for children's areas adds complimentary seating for all visitors. Occasional tables that support the series are also available.

Optional tablets offer a solution for informal conferencing and support family and guest waiting areas.

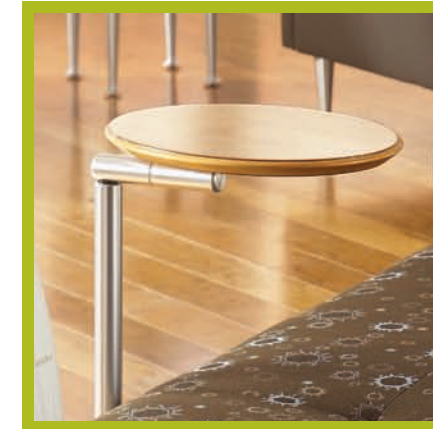

Smaller scaled benches with shorter legs, lower seat heights and shorter seat depths are perfect for pediatric waiting areas or areas with visiting children.

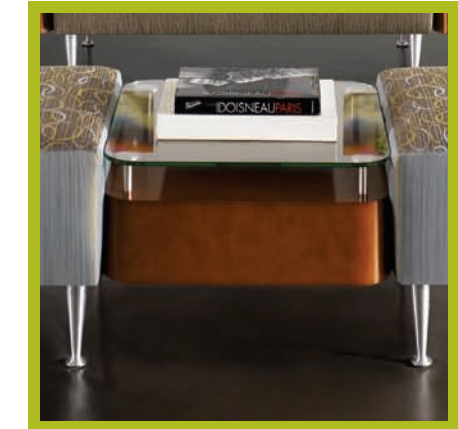

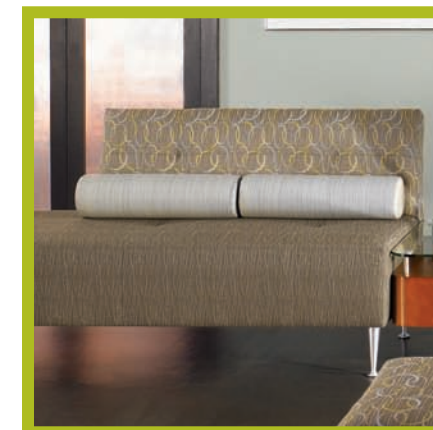

Optional Round or Oval tablets available in wood or laminate.

Hang Tables enable continuous runs of seating and flexibility in space design.

Optional Bolster Pillows provide comfort and support and allow specifiers opportunities for complimentary fabric specifications.

Benches are available standard armless or with optional straight or flared arms.
